

Dear Camas Ridge Families,

Please do not park in the Temple Beth Israel parking lot during pick up after school. They have elderly community members who have no place to park. Temple Beth Israel has been a great neighbor for Camas throughout the years and we appreciate all that they do for us. Please continue dropping off students in the morning by going east on 29th Ave. I know life gets busy, but please use the crosswalks and be a role model for your child.

There is no school on April 15. This is a Professional Development day for staff.

Every year, students in grades 3–8 and 11 complete [state tests](#). These assessments are only one measure of a student's academic success, but provide important information for students, parents and schools.

State tests were suspended in the 2019–20 school year and reduced in 2020–21 due to the pandemic and schools' shift to distance learning. For the 2021–22 school year, state testing is expected to return to normal and students will complete the annual state tests this spring. Most students participate in state testing, but parents have the right to opt out if they choose. The opt-out form for math and language arts tests is [available online](#). Parents can submit a written request to opt out of science testing on the basis of disability or religion.

Some ways you can help your student be prepared for state testing include:

- Stick to normal routines.
- Avoid scheduling appointments on testing days.
- Show a positive attitude and encourage your child to give their best effort.
- Ensure that your child is well rested and well fed. A good night's sleep and a healthy breakfast help students start each morning alert and ready for learning.
- Help your child arrive at school on time, relaxed and ready for the day.

Thank you for partnering with us to help your student succeed in school and beyond.
