

Dear Camas Ridge Families,

4J families are asked to take a few minutes to complete the survey below. Your feedback will be used to inform our efforts to continually improve our district, our schools, and our partnership with families to help students succeed. If you have more than one student attending school in Eugene School District 4J and have had a different experience for different students, please fill out a separate survey for each student. That provides the schools with information specific to each student's individual educational experience.

Please fill out the 2021/2022 Parent and Family Engagement & Partnership survey.
